What You'll Need

- > 4 cups sweet potatoes, peeled and cut into cubes
- > 1-2 roasted red peppers, chopped
- > 1 large celery stalk, chopped
- > 1 green onion, chopped
- > 3 tbsp fresh dill, chopped

Dressing

- > 1/2 ripe avocado
- > 1/2 cup yogurt
- > 1 tbsp raw honey
- > 1-2 medium garlic, cloves, peeled and chopped
- > Sea salt (or table salt) and pepper to taste

Directions

1. Place the sweet potatoes in a colander. Fill a pot with 2 inches of hot water and rest the colander in the pot. Cover with a lid. Bring to a boil and steam until the potatoes are soft (about 10-14 minutes). Let cool.
2. Meanwhile, to make the dressing, peel the avocado and remove the pit. Place in a bowl and add half the yogurt. Mash the avocado and yogurt together with a potato masher. Add the garlic, honey and continue mashing. The dressing can also be made in a small blender.
3. Add more yogurt to thin the mixture. Use a whisk to make the mixture smooth. If the mixture is still too thick, you can add more yogurt or water. Once desired consistency is achieved, season to taste with sea salt and pepper.
4. To make the salad, place the potatoes into a bowl and add the celery, red peppers, green onion and dill. Add some of the dressing and mix. Additional dressing can be added as desired.
5. Season again with sea salt and pepper, if needed. Can be served a room temperature or chilled. Excess dressing can be stored in the refrigerator for 2-3 days.

Tip: This recipe can be made with white potatoes, using the same method or combine sweet potatoes and white potatoes together. If using white potatoes, be sure to leave the skin on for extra fiber. Yukon Gold potatoes are a perfect variety to choose.

To roast a red pepper: Cut the red pepper in half and remove the seeds. Flatten the two pieces of red pepper and place on a tray. Put the tray under the broiler and blacken the skin. Let cool and peel off the skin. Use as directed in the recipe.
